Accounts for payment:

Proposed payment to John Lowe for postage for new cards and membership packs of \$79.00.

Moved for payment by Gary Bickford

Seconded by Stuart Blacley.

General Business:

Gary Bickford displayed a shield for awards at Christmas. A stand is being designed. Discussed putting old magazines on the website and listing the history of previous SOE (Standard of Excellence) awards winners. Jonathan Berglind offered further insight into the repairs of his Rover 75. He found cylinder 6 spark plug was loose and likely never checked by the mechanic. After replacement, and proper fitting, the car runs well now. Replaced pollen filter too that was in poor condition.

Craig Barraud shared the 'brains' of his land rover discovery. The car computer failed while driving. The computer turned off three injectors for no reason and was a \$3000 repair.

Ian Blackwood showed a 'mystery tool'. The tool is a quick disconnect for power steering hoses. Showed example of plastic power steering reservoir design with a filter that can't be accessed and questionable pricing for power steering hoses from manufacture.

Dedicated to the preservation and enjoyment of Rover, Land Rover and Range Rover vehicles.

Warren Cresdee shared updates on his car projects. He took a car in for painting and the painters used no primer. The condition of the paint was not good. He confronted the painters and was lucky to have his car parts returned and got his money back. We all agreed he was very lucky to have all the items and money returned.

Events:

The Yamba Rove was discussed. It was a successful event and a report on the event was sent out.

RACQ Motorfest was discussed. This event will be promoted next year with the Club.

The Samford Show was discussed on the 13-14th of July 2024.

Event List:
